Dear Dan:

25X1A

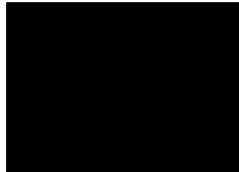

In accordance with a request from [REDACTED], I'm enclosing five copies of the worksheets relating to the rework of Serial No. 102 of System 4.

Jack questioned some items that were omitted from our cost estimate, e.g., the 800' magazine for the #10 unit. This was not included since we have not received the first one from the vendor for evaluation. If the 800' magazine is found suitable, a separate proposal would be made showing this magazine incorporated into the #10 unit. Two distributed amplifiers, normally mounted on the rack, were not returned with No. 102. Although not specifically mentioned, these amplifiers should be considered as covered in our proposal.

Please let me know if Jack or you have any further questions.

Sincerely,

25X1A
